

STEP #1 Choose Your Marketplace Type

STEP #01

CHOOSE YOUR MARKETPLACE TYPE

* E-commerce ←

STEP #02

DEFINE YOUR BUSSINESS GOALS

* Primary purpose ←

My marketplace will bring the taste of the streets to your doorsteps, offering fresh and affordable street food delivered in no time.

* Problems ←

Q: What problem will your marketplace solve?

* people don't have access to fresh and delicious street food from the comfort of their homes, and there is a lack of fast delivery options for such meals.

* we will open a branch in every city, ensuring that everyone can place an online order from any location without facing delivery issues. This will allow us to provide the fastest and most reliable delivery service, making it convenient for buyers and efficient for us to deliver on time, every time.

* Target Audience ←

* Late night cravers + Families + Event planners
* Busy professionals who don't have time to cook but enjoy fresh and delicious meals delivered to their doorsteps!

* products/services ←

* seasonal menus + Health-conscious meals
* Live food tracking + combo deals
